March 23, 2011

**FOR IMMEDIATE RELEASE:**

LOMA LINDA, Calif: The Loma Linda VA Medical Center will host *Oncology on Canvas*, an art exhibition honoring the journey people face when confronted by a cancer diagnosis on Monday, March 28, 2011 at 10 a.m. to Noon in front of the second floor cafeteria. The medical center is located at 11201 Benton Street. The art exhibit will showcase 25 select pieces of art.

Launched in 2004, *Lilly Oncology On Canvas* is now showcasing art from its 2010 competition. This biennial art competition invites people from the United States and Puerto Rico diagnosed with any type of cancer – as well as their families, friends, caregivers and health care providers – to express, through art and narrative, the life-affirming changes that give their cancer journeys meaning. The traveling exhibition of art is currently touring hospitals, cancer centers, patient advocacy group events and other venues nationwide.

For more information about this event, please call Sheree Cochran at (909) 825-7084 ext. 6131 or check website <http://www.LillyOncologyOnCanvas.com>.
